

Goddess Awakened Codex

6 Month Journey

This work was never just about one woman's healing. It was seeded in the ancient feminine wisdom traditions, carried through lifetimes, and brought forward now for this moment in human history when the world is asking women to remember

To rise
To lead from love

I believe we are part of something much larger than ourselves. A great wave of feminine awakening that is moving through the earth right now. Every woman who steps into her fullness adds to that wave. Every lineage healed sends ripples forward in time

The Goddess Awakened Codex exists as a vessel for that remembrance. A living field of transmission for women who are here to change the frequency of the earth. This is not just personal transformation. This is how humanity finds its way back to love

The goddess codes are calling you home to the truest version of yourself

THE FIELD

This Is Not a Session. This Is an Initiation.

These are multidimensional, multi-layered experiences that continue working long after we meet

PHASE ONE — Preparation

The moment you book, the field activates. My light team and I begin preparing you energetically. In truth, it has already happened in the higher realms.

PHASE TWO — The Initiation

We meet in sacred space for your 90-minute channelled session — a living, breathing portal of transmission, activation, and deep embodiment.

PHASE THREE — Integration

After each session, the field continues to hold you. Days, sometimes weeks, of integration unfold. Some initiations keep blossoming for years to come.

You are receiving preparation, the initiation, integration — we are weaving with you, for you, throughout the entire journey. This is a field of full transformation.

THE SACRED RHYTHM

Two Monthly Initiations. One Sacred Journey

Each month holds a sacred pair — two distinct transmissions that open and then fully anchor your codes

FIRST MONTHLY INITIATION

The Channelled Activation - Opening the Portal

A multidimensional transmission where your goddess codes are activated, received, and anchored. We connect you with the versions of yourself across other incarnations and through guided quantum activations, we weave them fully into your being, beginning new realities into existence

Second Monthly Initiation

The Sacred Goddess Movement - Anchoring Into the Body

This is where the codes stop living only in your field and get woven into your body. Into your bones. Into your blood. You will remember how it truly feels to move like the goddess. To carry her frequency not as a concept, but as a lived, felt reality that breathes through every cell of you

Over six months, you receive 6 Channelled Activations and 6 Sacred Goddess Movement Sessions — 12 deep initiations held within a living, breathing field

Meet Your Guide

I am Lorena

Goddess Initiator, Sacred Channel & Keeper of The Goddess Codes

I exist to initiate women into the fullness of who they are

I have walked the path of remembering what it truly means to live as a goddess in this lifetime and I carry the codes, the field, and the sacred channel to guide you home to yours.

My work is not something I learned from a course. It is something I have lived, breathed, and embodied through years of deep personal initiation, sacred practice, and direct connection with the goddess lineages and the higher realms.

I created this sacred container because I know what it feels like to be called — to sense something vast and sacred within you that has not yet been given full permission to live. And now I hold that field for you

It is the greatest honor of my life to guide women home to the goddess within
